DECLARATION OF JOHN DIDOMENICO

I, John DiDomenico, declare as follows:

1. I am over the age of 18 and have personal knowledge of the facts of this declaration.
2. I am an employee of the Office of the Illinois Attorney General and I work under the supervision of counsel of record in the above-captioned matters.
3. On June 16, 2023, I visited the website for the manufacturer Sturm, Ruger & Co., Inc. at www.ruger.com and I downloaded the following webpage <https://ruget.com/products/lcCarbine/models.html>, a true and correct copy of which is attached as Exhibit 2-A.

4. On June 16, 2023, I visited the website for the manufacturer Sturm, Ruger & Co., Inc. at www.ruger.com and I downloaded the following webpage <https://runder.com/products/runder57/models.html>, a true and correct copy of which is attached as Exhibit 2-B.

* * *

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct.

IDEAL FOR THE RANGE, BACKPACKING, SMALL GAME, OR ANYWHERE A VERSATILE AND RELIABLE CARBINE IS APPRECIATED.

- Weighing under 6 lbs., the lightweight and compact Ruger® LC Carbine™ utilizes the same steel magazines and familiar ergonomic controls as the Ruger-5.7™ pistol.

Unique bolt-over-barrel design with the magazine in the grip allows for excellent balance and pointability.

Folding stock and collapsible sights are ideal for compact storage (on models so equipped).

The reversible folding stock, with adjustable length of pull, is compatible with both AR-pattern and Picatinny rail-mounted aftermarket accessory stocks (on models so equipped).

Features a 16.25" fluted, nitride-treated steel barrel for strength, accuracy, and longevity.
- 1/2"-28 TPI threaded barrel with thread protector allows for the attachment of popular muzzle accessories including muzzle brakes, flash hiders and caliber-appropriate suppressors (on models so equipped).

Impressive ergonomics with ambidextrous manual safety, reversible charging handle, ergonomic bolt release and extended magazine release latch.

Utilizes Ruger's safe, reliable and proven Secure Action™ fire-control system that combines a protected internal hammer with a bladed-safety trigger. The trigger has a short, smooth pull, clean break and positive reset.

CNC-milled handguard that is Type III hard-coat anodized aluminum for maximum durability, with M-LOK® accessory attachment slots. Multiple QD sling sockets allow for maximum versatility.
- Ruger® Rapid Deploy folding sights are adjustable for windage and elevation and the full length Picatinny rail allows for optic mounting.

Safety features include: 1911-style ambidextrous manual safety; an integrated trigger safety; lightweight firing pin; neutrally balanced sear with significant engagement and strong spring tension; and hammer catch to help prevent the hammer from contacting the firing pin unless the trigger is pulled.

Also includes: one Ruger-5.7™ steel pistol magazine, ambidextrous magazine button, M-LOK® QD sling socket and hex wrenches for disassembly.

Features listed above are available on all standard models, but may not appear on Distributor Exclusive models. See individual spec sheets for model specific features.

- Impressive ergonomics include an easy trigger reach, robust slide release and reversible magazine release latch.

Through hardened, billet steel slide with lightening cuts is drilled and tapped for easy mounting of optics with separately available optic adapter plate, available at ShopRuger.com.
- Windage and elevation adjustable, serrated rear sight and rapid acquisition fiber optic front sight for fast, accurate shooting.

The alloy steel barrel features a black nitride treatment for wear resistance.

Steel magazine provides double stack capacity without unnecessary bulk.
- Textured, ergonomic frame provides a secure and comfortable grip.

Utilizes Ruger's safe, reliable and proven Secure Action™ fire-control system that combines a protected internal hammer with a bladed-safety trigger. The trigger has a short, smooth pull, clean break and positive reset.

- Safe, easy takedown with no tools or trigger pull required.

+

Safety features include: Integrated trigger safety; light-weight firing pin; neutrally balanced sear with significant engagement and strong spring tension; and hammer catch to help prevent the hammer from contacting the firing pin unless the trigger is pulled.

Also includes: two steel magazines.
- Inspection port allows for visual confirmation of a loaded or empty chamber.

+
- Picatinny-style accessory rail for easy mounting of lights and lasers.

+

Magazine drops free on release for convenient reloading.

Features listed above are available on all standard models, but may not appear on Distributor Exclusive models. See individual spec sheets for model specific features.
